

CHRYSLIS RAIL JOB VACANCY

JOB TITLE:	MATERIALS STOREMAN/ SITE FACILITY MAINTENANCE
REPORTING TO:	PRODUCTION MANAGER
LOCATION:	CHRYSLIS RAIL DEPOT, LONG MARSTON
PAY:	INDUSTRY STANDARD, DEPENDENT ON EXPERIENCE
HOURS:	CONTRACT REQUIREMENTS

CHRYSLIS COMPANY OVERVIEW:

Chrysalis Rail is a UK-based rolling stock service supplier, committed to delivering outstanding quality solutions to the rail industry. We specialise in refurbishment, vehicle enhancement, modification and heavy maintenance projects designed to transform and enhance passenger rolling stock. Chrysalis Rail operates across the UK at client's sites and at our depot in Long Marston, Stratford-Upon-Avon.

With over 35 years' experience in the rail industry, our team offer complete turnkey solutions, tailor-made and bespoke to our client's needs. We are looking for ambitious and talented individuals who are passionate about their work to join our growing team.

ROLE SUMMARY:

This role will form part of the team at our Chrysalis Rail Depot in Long Marston. The role will be responsible for all material control on site and be integral to the smooth running of the workshop.

MAIN DUTIES/ RESPONSIBILITIES:

- 🔧 To receive and dispatch materials and stock items required into and from depot stores
- 🔧 To keep an accurate and live inventory of stock on site
- 🔧 To implement and manage a clear and concise process on site for managing stores and stock control
- 🔧 To ensure all replenishment stock is ordered in a timely manner to avoid down-times in production
- 🔧 To load and unload pallets/ deliveries of stock items as required on site
- 🔧 To provide stock reports to project management and senior management when requested
- 🔧 To assist with the smooth running of the depot on site including undertaking general house-keeping tasks, cleaning and maintenance duties across the site when required
- 🔧 To comply to all safety processes, COSHH regulations and environmental policies set out
- 🔧 To adhere to all occupational policies and procedures whilst working for Chrysalis Rail, including compliance to drugs and alcohol policies
- 🔧 To maintain a safe and tidy work station/ workshop to ensure all tasks are completed to the highest quality within the production deadlines set.

SKILLS, QUALIFICATIONS & PRIOR EXPERIENCE:

- 🔧 Previous experience with stock control processes required
- 🔧 Previous experience managing a storeroom in an engineering environment is desirable. Prior experience in a railway workshop would be an advantage
- 🔧 Fork lift truck license (counterbalance) would be an advantage

- Good inter-personal skills to liaise with staff, suppliers and delivery companies daily
- Ability to work as part of a team
- Competent in the use of computer systems and processes e.g. Microsoft Office applications
- A willingness to assist with wider operational tasks and to learn and undertake training in new skills/ assist in the coaching of others
- Ability to work under own initiative whilst being aware of the larger team and all elements of the project process to ensure the highest quality of finish and on time delivery
- Ability to multi-task and prioritise tasks when required. Good judgement and decision making.

GENERAL NOTES:

- Chrysalis Rail offer a pay rate in line with experience and industry standards. Opportunities exist for both PAYE employees and self-employed contractors
- The role is a Monday to Friday position, however there may be some weekend working required and/ or night shift working
- The role requires an openness to flexible working, to work additional hours/ overtime when necessary to assist the delivery of a project. The ability to locate to other sites/ projects when required is desirable
- All work is subject to the contract duration and work is contracted for that duration only unless otherwise agreed
- As duties and responsibilities change, the job role and requirements will be reviewed and amended.
